

### **Lesson 3: Loving Others (Using Observation& Interview Approach )**

**Memory Verse:** Matthew 22:39

#### **I. Greetings/ circle time**

" Children, can you remember the 3- letter word JOY that we have been studying the past Sundays? You may show them the letters or the letter J first.

So, it has been 6 days that we haven't met? From Monday till, yesterday( Saturday) and now here we are together again this Sunday morning. Are you excited to come here? Did you wake up at once knowing we will meet again ? ( As you are asking these questions, look at their facial expressions, the smiles in their faces or their body gestures.

Teacher, do you think they show joy & gladness for being here at church/ Sunday School?)

Say: "Those who say they are glad to be here, will you raise your hand! " ( seeing the smiles altho some may have the expression, "so???" 😐 😊 ) explain to them that their smile tells they have JOY!

Children, if its not for Jesus we will not be together today & enjoy our church. So you see, its Jesus who gives us this joy. And so today, we meet because we love JESUS .

**2. Singing time:** "I've got the Joy, joy, joy down in my ❤️"

**Memory Verse:** Study, memorize & recite

~Matthew 22:39

**What to do:** Show different situations ( thru videos or pics) that would test the pupils & for you teacher to recognize the AFFECTIVE ❤️ domain of learning ---eventually reaching your lesson objectives.

Then go to **Life Application:**

What does loving others really mean?

- a. By being merciful;
- b. being gracious or generous ;
- c. being respectful ;
- d. being considerate and friendly ( learning to say THANK YOU ; EXCUSE ME Please etc...)

**Evaluation:** Written Test thru pictures by using the ✅ & ❌ method

**Enrichment:** your options Teachers 👍
